

MAPLEWOOD  
ACADEMY

May 19, 2016

To Whom it May Concern,

Mireya Pedroza has served as a math tutor at Maplewood Academy in Hutchinson, Minnesota, USA from January -May 2016. She has faithfully served as a valuable staff member working to assist students struggling with mathematics during our second semester.

Mireya has a commitment to excellence in all that she does. She has been organized and kept a detailed tutoring schedule through the semester. She has given regular reports to the teachers and the administration regarding student progress and attendance.

Mireya has a commitment to personal growth as well. She has worked to increase her English language speaking skills while on our campus and has shown significant growth. Her personal dedication to success in all areas has been inspiring to her students and her colleagues on our staff.

Mireya has been a blessing on our campus in so many ways during her time at Maplewood Academy. Mireya shares deep concern for student success and well-being. She encourages students to work hard and supports them along the way.

I recommend her without reservation for a position in the academic or youth ministry setting.

Sincerely,

Stacy Stocks  
Principal
